

I am writing on behalf of my local K-LOVE radio station in the hope that you will not displace it by an LPFM broadcaster. K-LOVE has been a real blessing to me and my family. We enjoy the music, positive influence & news updates they provide. Not only that, we love the fact that there are no commercial interruptions. We can listen for hours and not have to worry that our children will hear something that they shouldn't. K-LOVE gets back to providing wholesome, family entertainment that has no age restrictions or limitations. We love K-LOVE and hope you will see the importance of this great station.
